

Week 2

Note for parents

Link to videos: <https://whiterosemaths.com/homelearning/year-2/spring-week-8-geometry-properties-of-shapes/>

Monday

The work sheet for this lesson is in **Class Materials**.

The video should be available on our **school website**. Go to **Yatton Infant School page**, scroll down and click on **Home Learning**. Then click on the links to the right to access the **Year Group learning**. Click on **year 2** then scroll down and under '**Term 4, Week beginning 1st March, Maths Y2**'.

Tuesday

Today's lesson is an investigation into making 2D and 3D shapes. You will need to watch the video on the school website. It would be helpful to have some paper, a pencil, some sticks (lego, match sticks or lolly sticks) and playdough, platercine or blu-tac.

There are also sheets to make 3D shapes. You will also need scissors and cellotape or glue

The video should be available on our **school website**.
