"My son really enjoys coding club, there is not much he sticks with but your club is one he always wants to keep coming to."

Term 2 dates (Wednesdays)

- 5th November
- 12th November
- 19th November
- 26th November
- 3rd December

Digital Makers - after school club

Codingbug has been teaching at Yatton Schools since 2012 and continues to inspire new generations of coders and makers.

At the Digital Makers Club (formerly coding club) your child will learn to make, code and create using a variety of digital technologies. They will build Apps, make games, create digital art, and use the micro:bit. Over the school year, they will also be introduced to robotics and AI. Your child will learn computational thinking, solve problems, engage critical thinking and enhance their digital skills.

The club is suitable for children in Year 3 to Year 6. Lessons are tailored to different year groups.
