Starting School in September 2021

What's happening and what you need to know to keep us all safe

Please note a change!

Friday 18th June – Pre- School Visits -Children's visit to see the school.

The children will be met at the side Reception gate and asked to sanitise their hands before coming in. Parent (for those not at our local pre-schools) and Pre-school adults will need to wear a mask and stay at a safe distance.

Thursday 24th June 6.30pm New Parent Meeting

We would ask that just one parent attends. You will be split into three groups for the talks. You will then have an opportunity to meet with your teacher or another member of staff outside or arrange a phone call if you have a pressing question or information you wish to share. Masks will need to be worn at all times and hands sanitized on entry.

Thursday 8th July or Thursday 15th July Picnic Visit: 9.30 – 10.30am

One parent only please entering the school grounds. Please wear a mask and then you will say good bye then later pick-up at the Reception gate. Your child will sanitise their hands and go with their new teacher to a special 'Getting to know You' picnic with a story and games outside. Your child will need a little snack picnic with them (just a couple of things to munch and a drink will be fine.)

Monday 6th September or Tuesday 7th September - Individual Visits

You have timed visits – hopefully we will have less restrictions by then but if not we will let you know in advance of what you will need to know.

We look forward to meeting you and your children and having a successful transition into our school.
