About Cosmic Kids

We're making yoga and mindfulness FUN for kids.

1. Kids Yoga Gets Children Moving (even when it's raining outside!)
2. Kids Yoga Promotes a Healthy Body, Without the Competition
3. Kids Yoga is Filled with Stories to Teach and Inspire
4. Schools Around the World are Benefiting from Kids Yoga
5. Kids Yoga is Fun!

Whilst there are so many benefits of kid's yoga, above all, it's fun! All children (and grownups!) love stories, imagination, and adventures. Kids yoga combines all these things with the benefits of yoga, making it above all, lots of fun.

I wish for my child to take part in Cosmic Kids Yoga after school club.
